In 2005, the Legislature amended the Texas Transportation Code Section 545.356 to allow a city to set a speed limit lower than 30 miles per hour, but not less than 25 miles per hour, on a highway if:

- *The highway is not an officially designated or marked highway or road in the state highway system;
- *The highway is 35 feet or less in width;
- *Vehicular parking is not prohibited on one or both sides of the street; and
- *The highway has less than four lanes used for vehicular travel
- *And the Council finds that the previous prima facie speed limit is unreasonable or unsafe.

Texas Transportation Code Section 545.356 allows that the City Council may lower the speed limit along certain streets in the area bounded by Riata Trace Parkway/Riata Vista Circle to the north, Duval Road to the south, U.S. Highway 183 (Research Boulevard) to the west, and Dorsett Road to the east. Most of the streets within the area are eligible under state law for a 25-mile per hour speed limit. The exceptions are Black Angus Drive and West Cow Path from Duval Road to 795 feet north of Duval Road, West Cow Path from 100 feet south of Jessica Lane to the end of West Cow Path, and Whispering Valley Drive from 1050 feet north of Duval Road to the end of Whispering Valley Drive, because these streets are wider than 35 feet. They are not included in the recommended Code changes.

Public Works staff recommends that Section 12-4-24 be amended to add the following streets to the list of streets with a maximum speed limit of 25 miles per hour.
